

The Art for the People: N.O. L.i.m.i.t. Form to Receive Library-By-Mail Items

How can I receive library items?

It's easy. First of all, you need to know that you can write down these answers to these questions on a piece of paper. You do not have to print out this form. Simply follow these steps to receive library items:

If you live in the USA, send us \$4.90 in postage stamps. Do not send coins, checks or money orders (M.O.s). The \$4.90 covers the \$3.85 for priority mail flat rate, forty-five cents to pay for delivery confirmation and sixty-cents in postage that enables us to do a lot of things, which includes sending library materials overseas to people who cannot afford postage. We will then send your library items by priority mail. We use your postage to pay for your shipping and delivery confirmation service. By using priority mail you don't have to send us an envelope because envelopes come free with priority mail service.

Or, if you live overseas, send us some IRC coupons (available at post offices) with a self-addressed envelope and we will try to send you as much as possible. If you live outside of the USA, and you can't afford postage, we do not require postage from you.

On the 'answers form,' Circle yes or no to the questions found on the 'questions form.'

This not-for-profit library-by-mail is part of the Alternative Media Community of A Better World Is Within Reach Peace Network.

The Questions Form – Do not mail this portion of the form.

#1. All items are non-fiction. Choose all the types of library items that you would like to receive:
 + Printed publications with no poetry (zines, chapbooks, comics, handwritten journals etc.)?..... Yes... No...[Print.nP]
 + Printed publications **with poetry** (zines, chapbooks, mini-zines, comics, journals etc.)?..... Yes... No...[Print.P]
 + Academic publications (student made newspapers, magazines, thesis., etc.)?..... Yes... No...[SchoolP]
 + Audio (cassette tapes, small records, CDs),?..... Yes... No...[Audio]
 + Video (VCR tapes, DVDs, DIY documentaries)?..... Yes... No...[Video]
 + Open Source software (floppy disc, CD's, zip drive disc)?..... Yes... No...[OpenS]
 + Other Artwork (posters, postcards, stickers, etc.,)?..... Yes... No...[Other]
 + Blogs or Internet Journals printed into booklets?..... Yes... No...[BlogsP]
 + Differently-abled accessible material (Braille zines, Large print, etc.)?..... Yes... No...[Access]

#2. We stuff a large envelope full of the library items that are in the categories that you choose (always a minimum of ten items), but we DO NOT take requests for specifics such as titles, authors. etc. (If we had to do all the book keeping and paperwork necessary to keep up with all the authors and titles it would take all the fun out of running our library). Do you understand?..... Yes... No.....#2.

#3. Although we try to remove easily identifiable racist, sexist or homophobic material, we don't read everything, we don't review everything that we send and we cannot be liable due to the content of anyone's freedom of speech in the DIY Library material. Do you understand?..... Yes... No.....#3.

#4. Most public libraries (despite being funded by everyone's taxes) are only set up to keep corporate library items with bar codes in their libraries and they do not accept zines, artwork or independent music and DIY documentaries. A lot of volunteer time, financial and personal sacrifice went into making this independent DIY library-by-mail service available, and just as much time went into getting the word out about it all over the world in hopes of making the world a better place. When you are finished reading the material, we would like you to return it to us or pass it on to others (our library-by-mail does not have due dates for returning material). Do you promise not to discard the DIY library items?..... Yes..No..#4.

#5. Sending emails and letters of thanks to our volunteers encourages volunteers to work here, because we hang them up like posters. Also, with more volunteers we can send your items to you faster and someday in the far future with enough volunteers, we will be able to make a library catalog so people can specifically choose which items they want (but that is in the far future). Also, we show these letters to organizations when applying for grants so they can understand how this independent media library-by-mail is making a worldwide difference and deserves grants to keep it running and growing. But sending negative emails and negative letters discourages volunteers from working here and then we can't operate the library. Do you understand?..... Yes..No..#5.

#6. We are a library-by-mail service and we DO NOT (YET) offer walk-in, or drop-in library service. Do you understand?..... Yes..No..#6.

#7. The No Limit DIY Library is a non-copyrighted idea. The idea, the name and everything you are reading is not copyrighted. We encourage you to make an Art for the People: No Limit library in your area of the world. This is a project to empower the people. Resources which empower the people to work for a world of peace, equality and world harmony will only continue if you choose for them to continue. We hope you spread the word, enjoy your library items and remember: Together, A Better World is Within Reach! Do you understand?..... Yes..No..#7.

How do I make a donation? If the items that you want to donate are non-corporate, non-fiction, they have no bar codes on them, and they are not ripped, broken or stained, we will be happy to accept them. Also, we accept all independent music, spoken word and audio, in these formats: CDs, tape cassettes, small records and everything else but we do not accept the large 12 inch records (or booklets over 100 pages) because they are too large.

Please keep in mind that we do not accept sexist, racist, pro-war or homophobic material, including porn, religious tracts and brochures. We also do not accept material that has a date printed on the front which is over one year old. Feel free to send us other old items, new items and multiple copies of items. How many can you send? There is no limit.
